CIVIL PROTECTION MODULE AND ERUM (RESCUE AND MEDICAL EMERGENCIES SQUAD)

The Wholesale Market receives daily more than 500 thousand people, of which more than 90 thousand are employees, so that prehospital emergency medical care, as well as rescue services for those who suffer an accident, are a priority for its authorities.

For this reason, the Civil Protection Unit of the Coordination of Security, Roads and Civil Protection of the Trust offers assistance to the CEDA community in any emergency.

**Call the number 01800 000 2332 (CEDA)
for emergency care, civil and medical
protection 24 hours a day**

In addition, the ERUM-CEDA Module EAST SECTOR is in operation, a decentralized station, first of its kind, which brings the emergency services closer to the community of the Wholesale Market and its surroundings.

The Module is installed in the heliport of the Wholesale Market and offers service 24 hours, 365 days a year.
